

BOGDAN-ADRIAN ION

PROFESSIONAL SUMMARY

I'm a systems-oriented professional who combines analytical thinking with strong attention to detail and aesthetics. I solve problems in a structured and efficient way, guided by high industry standards and clear values. My focus is to deliver work that is coherent, high quality, and true to its purpose.

WORK EXPERIENCE

WireStock | Photo Editor

Contract | Dec 2025 - Present

- Creating and editing photo sets using Photoshop by adding, removing/replacing, adjusting composition, color enhancements for AI training.

RadioStart.ro | Founder, Project Manager

Online | May 2025 - Present

- Built RadioStart from the ground up, developing the brand, website, and service ecosystem to deliver high-quality, value-driven audio solutions.
- Handled client acquisition end-to-end, from outreach, presentations to final service delivery.
- Coordinated collaborators (voices, editors, producers) and oversaw the full production cycle for radio shows and imaging packages.
- Designed and implemented efficient workflows and processes that streamlined production, scheduling, and content delivery.
